

Assignment 4 (Optional)

Submission date: 11th April 2010

Discuss the challenges and issues in implementing effective Shariah governance in Islamic Financial Institutions.

Note: This assignment is an alternative option for candidates to consider in lieu of either assignment 1 or 3 – assignment 2 is COMPULSORY. In other words, students are required to answer 3 out of 4 assignment options. If candidates choose to answer assignment 4, the assignment must be uploaded in place of the assignment question being replaced. For example, if you choose to do assignment 4 instead of assignment 1, then upload assignment 4 through the link for assignment 1 – make note that you are indeed choosing assignment 4 as the alternative. For further queries, please send an e-mail to shamid@inceif.org.
